The new vintage of Merlot is called "Pangaré" in honor of one of the most prized horses in the Kingston Family. 2021 brings great potential for this Merlot which due to the typical cold climate of Casablanca has a long period of maturity, achieving good concentration and accompanied by great acidity that provides fluidity to this wine.

Pangaré is slightly herbaceous and fruity with notes of fresh bay leaves, tobacco and sour red fruits. On the palate, it presents a fine and elegant structure, accompanied by good acidity, making it very juicy and a perfect accompaniment to a plate of lasagna with bolognese sauce, or a tasty schnitzel/milanese with fresh tomatoes. This particular Casablanca Merlot is a great expression of the varietal and has strong aging potential.
