

2019 CJ'S BARREL SYRAH
\$50 / bottle / Production: 70 cases

2019 was a year of mild temperatures in keeping with the maritime influence of our cool climate. We concentrated our efforts on using grapes from two clone varieties and making use of whole clusters to increase the complexity and intensity of this year's CJ's Barrel Syrah. Following the aging process, we selected barrels that best represented this year's climate, seeking a balance between freshness and creaminess as well as between herbs and fruits on the palate. The result is a wine containing a fruit-forward expression with notes of spices, raspberries and blueberries that burst across the tongue. While ready to uncork and enjoy now, the 2019 CJ's Barrel will only improve through the years.

2019 BAYO OSCURO SYRAH
\$42 / bottle / Production: 115 cases

The grapes harvested to craft the 2019 Bayo Oscuro Syrah are a single clone variety from vines planted in 1999 on one of our hillside areas where the soil is rich with decomposed granite. Since 2018, we have employed the use of whole grape clusters to broaden the spectrum of aromas and flavors present in the wine. 2019's vintage contains an expression bursting with blackberries and slightly smoky notes, along with spices and fruit that dance across the tongue. The wine is fresh and vibrant, with lots of texture and intensity in the mouth. It is a very young wine that, while well-primed to be tasted now, will get better with age and be delightful to enjoy in a couple of years.

Our vineyards, first planted in 1998, consist of 350 acres nestled within the hillsides of our family farm. In 2020, our vineyard was certified organic. We harvest at very low yields: typically two to three tons per acre – a necessity just to ripen our crop. We harvest a handful of special blocks for our own Kingston Family wines.

TASTING NOTES

New Releases for Spring 2021
Amael Orrego, Winemaker

2019 CJ'S BARREL CHARDONNAY
\$42 / bottle / Production: 78 cases

The grapes used to make the 2019 CJ's Barrel Chardonnay underwent the winemaking process in separate lots, some aged in concrete eggs while others in stainless steel barrels. The freshest of the batch were fermented with their skins and then aged in French oak barrels for 14 months. What results is an elegant and subtle but highly complex wine that explodes with minerality and is ready to be uncorked at your leisure.

2020 ROSILLO ROSÉ
\$28 / bottle / Production: 250 cases

Given the warmer weather in 2020, the harvest came earlier and we used direct pressing to create a more delicate balance in the Rosillo Rosé. High-quality grapes lent themselves to a concentrated and complex vintage. Fresh and creamy on the palate, the 2020 Rosillo Rose contains notes of candied orange and strawberries. This is a slightly sweeter wine that faithfully reflects the year's harvest during a challenging time.

2020 CARIBLANCO SAUVIGNON BLANC
\$22 / bottle / Production: 360 cases

The warmer 2020 season meant we harvested the grapes earlier and more quickly than the year before, allowing us to maintain natural acidity and freshness in the 2020 Cariblanco Sauvignon Blanc. While a frost during the 2019 Chilean spring contributed to bud damage and a low yield of productive grapes, this meant that there was a high concentration of flavors among the grapes that remained and were chosen for harvest. This wine is abundant in creaminess and texture, with notes of dry grass and citrus fruits in the mouth. We hope you enjoy this uniquely crafted wine from an unusual year.

2018 SPARKLING
\$42 / bottle / Production 152 cases

This was the second year that we produced this wine that began in 2017 as an experiment. The 2018 Sparkling is a luscious combination of 50% Pinot Noir and 50% Chardonnay. This mixture contains a perfect balance between minerality and a fruit-forward expression. Having undergone two years of aging with its lees, it maintains a lot of complexity in the nose. Creaminess and volume are accompanied by textures and acidity that create a great tension in the mouth. Breathe in aromas of toasted brioche, flowers, red berries, and white pepper. On the palate, flavors such as fruits, almonds, and hazelnuts abound. The finish is quite long with a hint of vanilla. This wine is to be uncorked and celebrated when you are ready.
